CANADIAN SENIOR BASEBALL CHAMPIONSHIPS
NORTH BATTLEFORD, UNITY, LLOYDMINSTER
AUGUST 7 to 11, 1974

It gives me a great deal of pleasure, on behalf of the people of Saskatchewan, to welcome senior baseball teams from every province to the Canadian Senior Baseball Championships, hosted by the City of North Battleford.

For baseball fans — and there are many in Saskatchewan — this event should provide a feast of good baseball. The Government of Saskatchewan is pleased to be associated with the baseball championships, and proud that once again North Battleford has been chosen as the host city.

To all the visiting teams and their supporters, we extend a warm welcome and an invitation to spend some time in our province enjoying the scenery, the swimming and the fishing in one of the most beautiful parts of Canada.

We wish you every success in this exciting tournament.

Allan Blakeney,
Premier.

A Message From Eiling Kramer

It gives me great pleasure to welcome the participants in the Canadian Senior Baseball Championships being held in The Battlefords this year. I am confident that you will have an enjoyable stay.

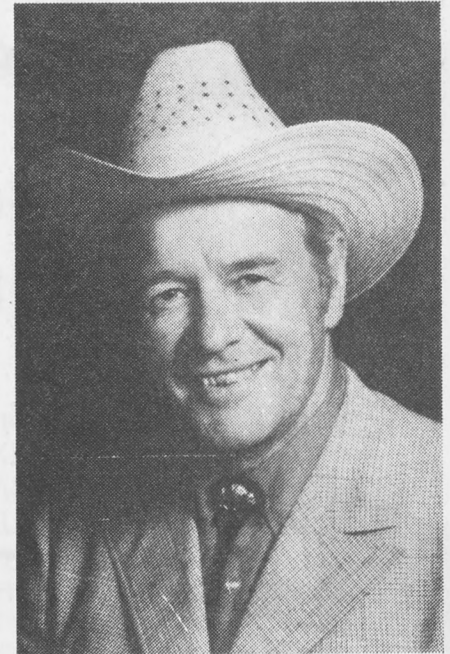

The people in The Battlefords have been fortunate to have a high calibre of baseball offered them over the years. I can think of the great Beaver Clubs of days gone by, when people like Curtis Tate, Louie Green, Ken Nelson, Murray Richardson and the Dean Brothers combined under the able management of Emile Francis, to produce a ball club capable of playing the Global World Series.

I am certain that we will again see that calibre of ball played here this summer and it is with happy anticipation that I say, "Play Ball".

Half a Century of Achievement...

In its 50 years, the Saskatchewan Wheat Pool has never lost sight of the purpose for which it was organized... to improve the social and economic conditions of its farmer-members in particular and to work for better conditions in agriculture generally.

The Pool, a producer co-operative owned and controlled entirely by farmers, represents the efforts of 73,000 active members pooling their resources a) to provide themselves with services they need and b) to strive for proper agricultural policies.

As the Pool enters its second half-century, it does so with the same basic principle guiding it as when the organization was founded in 1924: the belief that mankind's highest qualities are fostered and developed through co-operative endeavor.

CANADIAN SENIOR BASEBALL CHAMPIONSHIPS
NORTH BATTLEFORD, UNITY, LLOYDMINSTER
AUGUST 7 to 11, 1974

I am pleased to extend greetings to participants and spectators attending these Canadian Senior Baseball Championships. In particular, a warm welcome is extended to those taking part in the Championships from the other provinces in Canada.

To the North Battleford Beavers, the host group, I give my best wishes for the successful staging of this event.

It is interesting to note that these are the third National Baseball Championships hosted by North Battleford, and that this is the first time for the championships to be extended into the neighbouring communities of Unity and Lloydminster.

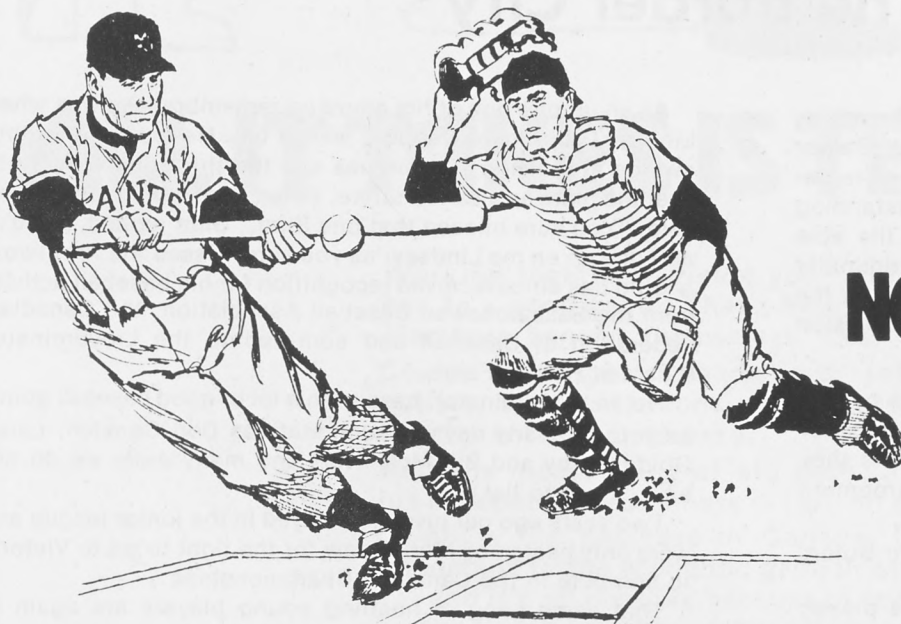

This new innovation cannot help but foster baseball even further in the Province of Saskatchewan.

Baseball is a summer sport which is meant to be enjoyed. I am sure these championships will supply the enjoyment to everyone involved and that the five days of high-calibre baseball in the three communities will foster the further development of this sport at all levels of participation.

Good luck to the players, officials and spectators.

Baseball Ramblings From The Border City

Lloydminster has again been honored by being chosen as one of the three centres to host the National Senior Championship Baseball Playoffs for 1974. Always well represented as a good ball town, it has supported outstanding baseball for eight years. During this time, under the able management of W. A. (Slim) Thorpe the Lloydminster Meridians won the two biggest money tournaments in the nation. These tournaments were won two years in succession and were held in Lethbridge and Lacombe.

The club was described in the Edmonton Journal by Hal Pawson as follows: "This was the hottest club which had ever hit the Lacombe circuit and spoke well for the reasons they led the swift Western Canada Baseball League, the grooming ground for the 'Organized Baseball Bonus Babies'."

Two of the players making the big time were Don Buford and Ron Peronowski.

Slim has been active all his life in baseball as a player, coach, manager and umpire. His first team in Lloydminster was a gang of wee fellows, some of whom he still remembers with real affection such as Toody Killam, Stump McRae, George Killam, Bill Reed, Socks Clarkson, Phil Mitchel and many others. He organized with Russel Shaw a good tournament club with members some of you may recall, Albert Bruce Horniak and Alex Rule who still lives in Lloydminster.

As an umpire one of his amusing remembrances was when Lindsay Gibbons of Neilburg was at bat. He took two mighty swings at the first two pitches and the third one went right over the plate as a called strike. When Slim called him out he said, "You sure missed that one Slim." Slim replied, "You're still one up on me Lindsay, as you sure missed the first two."

Slim has since received recognition for his baseball activity from the Saskatchewan Baseball Association, the Canadian Federation of Baseball and admitted to the Lloydminster Kinsmen Hall of Fame.

We, in Lloydminster, have seen a lot of good baseball going back to the early days of such stars as Don Conklen, Leroy Goldsworthy and Bill McGillvery and many more we do not have space to list.

Two years ago our juveniles played in the junior league and were only beaten by Moose Jaw for the right to go to Victoria to compete in the Canadian Championships.

That same gang of hustling young players are again in competition in the Senior League this season as Lloydminster Colts and are playing a very pleasing kind of ball with good coaching and competitive spirit. They are already playing in the semi-finals versus Saskatoon.

At this time special thanks go to the Lloydminster Legion and the city for getting the park and grounds in A1 condition for the playoffs starting on Thursday, August 8, 1974.

ALL IT TAKES IS TEAM WORK

Working together—giving your all for the benefit of the entire team is the key to a good game. That's how it is at Co-op. By working together, Co-op Members benefit themselves, their families, their community.

Co-ops now span Canada with retail outlets, factories, manufacturing outlets, service stations, food processing operations, lumber mills, a plywood plant and a refinery.

And the nicest thing of all, each Co-op member can have his say in how his Co-operative Business is run, on a one-member, one-vote system.

Co-op is big business in Canada. Co-op is important to the economic growth of Canada . . . and it's all possible because of team work by the Co-op members from all walks of life, from all ethnic backgrounds. Co-op membership is open to everyone.

A Message From Lorne Cooper

The Canadian Senior Baseball Championship (1974) Committee takes pleasure in welcoming the participants, visitors and spectators to the National Championships and northwest Saskatchewan.

During the past seven months a great deal of planning has gone into this championship by the host committee and satellite committees in Unity and Lloydminster.

The hosting of this national event would not have been possible without the co-operation and support of the municipal councils, business community, service clubs and many volunteer workers.

Scheduling of games in three communities presented some problems, but they were not insurmountable. The result of this tri-centre co-operative effort we hope will be greater interest in all levels of baseball in this area.

It is our hope that your visit will be a pleasant and memorable experience.

ED ROLSTON — A member of the NSBL Unity Cardinals, Rolston will be a real favorite when the host North Battleford Beavers travel to Unity to take on Prince Edward Island, August 8. As an outfielder, Rolston will be able to prove his fielding ability as well as carry good wood to the plate.

NED ANDREONI — A native of Fresno, California, he has been the playing manager of the Moose Jaw Devons for the past 10 years. He is now a full time resident of Moose Jaw. A 30-year-old who plays short-stop.

LARRY TOLLEFSON — Larry has been picked up from Moose Jaw also in order to bolster the catching. A one year vet with the Devons he is acknowledged to be one of the top catchers in the southern loop. He is a real hustler on the field.

WAYNE PUSCH — Likely to be the ace of the host team's staff he has a list of credits as long as his arm. Wayne is a 26 year old southpaw who performs with the Swift Current Indians of the southern league. He is one of the top hurlers in the league in addition to being a fine hitter. Wayne was selected to the Canadian National team training camp in Florida two seasons ago. He has a record of 6-1 in the SSBL.

RANDY ARTHUR — A graduate of the North Battleford Junior Beavers, Arthur, like many other juniors is making a return appearance for the senior championships. Arthur who played in North Battleford in 1971 is now with the Kindersley Klippers of the Northern Saskatchewan Baseball League and is expected to see some pitching duty.

ELWOOD FERGUSON — This former member of the North Battleford Junior Beavers will return to North Battleford to provide some back-up assistance to the host North Battleford Beavers pitching staff. Ferguson is currently one of the best hurlers with the Standard Hill baseball squad.

JIM BABA — An outfielder with the Moose Jaw Devons of the Southern Saskatchewan Baseball League, Baba joins other team mates and members of the SSBL in the Canadian Senior Baseball Championships. Baba carries a big bat with him on many trips to the plate, and will be of benefit to the Beavers with his hitting power.

IT'S EASY TO KEEP SCORE

Baseball Shorthand, as used by baseball writers, will render every game more enjoyable to baseball fans. All players are numbered and all plays recorded by symbols. For symbols and example of system, see below.

NUMBER OF PLAYERS AS FOLLOWS

Pitcher 1 Second Baseman 4 Left Fielder 7
Catcher 2 Third Baseman 5 Center Fielder 8
First Baseman 3 Shortstop 6 Right Fielder 9

Single	—	Reached base on error	E	Stolen Base	S	Struck Out	K
Double	==	Fielder's Choice	FC	Sacrifice Hit	SH	Base on Balls	BB
Triple	===	Hit by Pitcher	HP	Passed Ball	PB	Force Out	F
Home Run	====	Wild Pitch	WP	Balk	BK		

The lower left hand corner of the scoring block should be considered as home plate. The runner moves counter-clockwise with progress to 1st base indicated in lower left hand corner moves to second in upper right hand corner to third in upper left hand corner and back to home in lower left. In example, the runner reached 1st on an error by the 2nd baseman. Stole second, went to third on a wild pitch and home on a passed ball. It is convenient to encircle all runs as shown so that scoring play may be read easily.

A Ball Park To Be Proud Of

Today as play starts in the Canadian Senior Baseball Championships the 11 competing teams will be playing in one of the nicest baseball facilities in the Dominion of Canada.

When the City of North Battleford moved the ball park from Abbott Field to the present Beaver-Lions Stadium located just adjacent to the Civic Centre, they went all out in trying to get the best possible facilities.

Under the direction of Murray Richardson, the city parks and recreation director, a tremendous sports complex has come into being.

The project at Beaver-Lions Stadium was completed in 1971 when a \$4,500 Saskatchewan Homecoming Grant was thrown in to help cover expenses in addition to a generous pledge of \$15,000 from the Battlefords Lions Club.

The thing that North Battleford can truly be thankful and proud for is the infinite amount of hours of volunteer work put into the ball park's development.

Gerry Bristow, with the help of Saskatchewan Power Corporation employees, Sask Tel workers and local electricians, installed a fabulous floodlighting system to the field which the ball players will be able to enjoy to the fullest extent. The price of materials alone was a whopping \$25,000. A great deal of the rest of the work was done by volunteer labor.

Add to all this a groundskeeper with the abilities of one Ken Nelson and the formula for a great ball park is complete.

Mr. Nelson can be seen at every baseball game touching up the park (his pride and joy) in one fashion or another whether it be chalking the lines or harrowing the infield or whatever needs to be done.

In Case of Ties

Should two teams finish equal for one position at the end of the regular schedule, the tie will be broken by the result of the game played between those two teams. Example: Nova Scotia and Alberta finish tie for second place. In the game played between them, Alberta won 11 to 9. Alberta gets second place.

In the event that 3 or more teams finish tie for one position, the tie will be broken by taking the best ratio of runs of those teams. The ratio of runs is arrived at as follows: A team has scored 55 runs and allowed 11. You divide the number of runs scored 55, by the number of runs allowed 11, and you get a ratio of 5. The team with the best ratio will then get the position for which they are tied.

Playoff System

The first two teams of each group will part in the playoffs. The team that will finish first in group "A" will meet the team that finished second in group "B" in one semi-final.

The team finishing second in group "A" will meet the team finishing first in group "B" in the other semi-final game. The two winners will then meet in the championship game.

Two Teams From NSBL In Canadian Championships

Since the demise of the Western Canada Professional Baseball League several seasons ago the Northern Saskatchewan Baseball League has been carrying on the proud traditions of Western Canada in baseball circles across the country.

This tournament will feature two members of the NSBL, the host North Battleford Beavers and the Saskatoon Boston Royals. Both have to rate as contenders for the dominion title.

Last year at Edmunston, New Brunswick the Saskatoon club, representing Saskatchewan, reached the semi-finals before bowing out. Saskatoon reached the dominion final two years ago narrowly losing the final game for all the marbles.

This year the league has shown its great power on several occasions. Northern league teams won both the Kindersley and Eston Invitational tournaments. Both these tournies had strong representation from American clubs but they were eliminated by the powerful NSBL contingents.

The league consists of five very evenly matched teams. Saskatoon Boston Royals, North Battleford Beavers, Unity Cardinals, Eston Ramblers and Kindersley Klippers play a 32 game schedule to determine the league pennant winner.

Although attendance has declined somewhat during the last few years interest is still high around the circuit as fans spur their local favourites on.

Whether a team from the league wins the Canadian Championships or not you can rest assured they will provide good competition for anyone. After all they are carrying the banner of a very proud league.

Best wishes for a successful

Baseball In North Battleford Still Going Strong

The community of The Battlefords has long been known for its great interest and participation in sports of all kinds but probably none has enjoyed better times than baseball.

The word "Beavers" has become synonymous not only with baseball but eventually with the city itself. Of course, the North Battleford Beavers have done some pretty amazing things over the years.

The pinnacle of their success had to be in 1956 when they represented this country in the Global World Series of Baseball in Milwaukee, Wisconsin.

Oldtimers always remember with fond memories the great professional teams that played here in the 1940's and 1950's when the city was a true hotbed for baseball.

The Beavers played in several different leagues such as the Saskatoon and District Baseball League, the Northern Saskatchewan Baseball League and the Western Canada Baseball League.

The sport was in its heyday in 1952 when the largest crowd ever to watch a baseball game in this city, an unbelievable 6,000 fans jammed Abbott Field, turned out to see the deciding game of the final series featuring the Beavers against the Saskatoon Gems. North Battleford won the game handily. The Beavers continued to enjoy success in the ensuing years until 1956 when they won the right to travel to Milwaukee.

They dropped a narrow 5-4 decision to Japan, the eventual world champions and were later defeated by Hawaii.

After that professional ball started to dwindle in interest

locally and by 1960 there were no more pro leagues.

Names like Lou Green, Murray Richardson, Les Dean, Jackie McLeod, Matt Meredith, Art Stone, Art Worth, Emile Francis, Chuck Holdaway and other notables were now nothing more than lingering memories.

Johnny Ford and Ken Nelson, a pair of players who had been active in the professional ranks along with Benny Griggs bolstered a team which now contained largely home-grown players rather than the expensive, talented imports fans were used to witnessing.

Now fans come out to see action in the Northern Saskatchewan Baseball League featuring teams from Saskatoon, Kindersley, Unity and Eston.

Perhaps several long time citizens who formerly saw professional baseball will say that the sport is presently a long way from its golden years but the NSBL is now recognized as one of the best amateur circuits in the country.

Remember that just in the last few years several ball players from the league have gone on to pro ranks including Joe Ferguson who formerly toiled with Kindersley and is now one of the leading hitters with the Los Angeles Dodgers.

This past year, the Beavers finished second in the league standings and made it to the league final before being sidelined by the Saskatoon Boston Royals.

Yes, folks, professional baseball is without a question gone from the local scene now, but baseball still thrives in this baseball-minded community and the word "Beavers" is still one which commands plenty of respect.

A Message From Leonard Boxell

It is my pleasure to extend a friendly welcome on behalf of the town of Unity, its citizens and baseball enthusiasts. We are proud to co-host these championship games by offering our facilities and hence bringing you a sample of the best senior baseball in Canada.

Unity has been proud of its baseball teams over the years, who have provided this northwest part of our province with this national summer sport, certainly the name "Unity Cardinals" has been and we trust will continue to be a team to contend with.

My sincere thanks to our local committee, fans and ball players who have worked to have our facilities ready in order to bring you some of these championship games. Unity joins in welcoming the baseball players and fans from all parts of Canada and we trust your visit will be most pleasant.

Minor Baseball In Lloydminster Shows Steady Growth

Before 1955, young boys in Lloydminster wishing to play baseball, went out on their own, found someone to coach them, bought their own equipment and then participated in games and tournaments in the local area. This procedure worked fairly well for the older boys but was not very satisfactory for the younger ones.

In 1955, Mr. Dave Wallace, who was a local Legion member wrote to the United States and obtained material on how to run Minor Ball, rules, size of diamonds, etc. He then interested the local Legion members and they instituted the first organized Minor Ball League in Lloydminster. In this first league four teams played with boys from ages 9 to 12 participating. In the following years many more local organizations and businesses came in as sponsors, reaching a peak in 1973 of 21 teams of boys from ages 9 to 17 participating in leagues of Mosquito, Beaver, Bantam and Midget.

This year there are approximately 250 boys playing at least twice weekly in organized leagues.

On the first long weekend in August each year the local Minor Ball Association sponsors an Interprovincial tournament, with teams coming from as far away as Red Deer and Saskatoon.

This year Minor Ball helped to form a T-ball league, about 120 boys ages 6 to 9 participate in this league.

The Minor Baseball executive would like to take this opportunity to say "Thank You" to the many, many people who have given so unselfishly of their time over the past 19 years. Without folks like you the success of our association would not be what it is today.
